

LUCAS 3" SKIPPING PEBBLES ROOF BALLAST
PRODUCT DATA SHEET

GENERAL DESCRIPTION:

Lucas 3" Skipping Pebbles (3" x 1 1/2") are a multi-colored, smooth, flat and naturally rounded aggregate.

BASIC USE:

Lucas 3" Skipping Pebbles are used as a perimeter roof ballast on single ply type systems, on the field, and for roofscape decorative purposes.

The flat nature of the skipping stone provides superior coverage as compared to pure round ball type ballast aggregate.
