

LUCAS 3" BLACK BEACH ROOF BALLAST  
PRODUCT DATA SHEET

**GENERAL DESCRIPTION:**

Lucas 3" Black Beach Ballast is a black colored, very smooth, naturally rounded, sometimes slightly flat, beach aggregate.

**BASIC USE:**

Lucas 3" Black Beach Ballast is used as a roof ballast on single ply type roof systems, primarily around the perimeter and for roofscape decorative purposes.

Architects and roof membrane manufacturers specify this ballast for it's exceptional smoothness and designer properties.

Some oversize is present.

Available in 75lb bags and 3,000 LB super-sacks

Product shall be submitted and approved before shipping
