

LUCAS GRANULES

Description:

Size #11 Roof Granule Aggregate
100% -8 mesh
98% +35 mesh

Uses:

Lucas ceramic coated colored roofing granules for use as a treatment for asphalt bleed out of end laps and side laps on granule surfaced torch down, modified bitumen and built-up roofing membranes .

Lucas Fire White™ bright white granules are used as a coating on bright white surfaced acrylic and liquid applied elastomeric systems. Fire White™ is specified by numerous manufacturer's as a part of their Cool Roof approved system.

Advantages:

Aesthetic appearance and protects the membrane against sunlight and elements, improving durability of the roof system.

Color:

Available in a wide variety of colors and blends.

Packaging:

5 gallon / 60lb buckets
80lb bags
6lb bottles / 6 packs
Supersacks: 3,000lb & 4,000lb
